monest Signs of Heart Disease,

Notwithstanding what many physicians say, heart disease can be cured. Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoeopathic) of regular practicing physicians. It has proved itself unique in the history of medicine, by being so uniformly

successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers-there

is something wrong with it. The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves. strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. HAMBLETONIAN Sir Walter Raleigh

Is well and favorably known in Highland county, which is shown by his pat-ronage of last season, and a description of him seems hardly necessary, but for the benefit of these who have not seen will give the following description of

He is a grand, well developed brown horse, weighing 1100 lbs and standing 15 hands, 3½ inches high. He has a fine bony head, full and lustrous eyes, fine arched neck set on powerful shoulders, back short and strong. His legs and feet are fautless, and he embodies all the soundness of an eminently sound ancestry, and his foals all show size, style and

His half brother sold at one of the late New York sales for \$5990. He is clean gaited, needing no boots; is a free stylish driver and fast walker. HIS INHERITANCE

By referring to the tabulated pedigree of Sir Walter Raleigh, a glance will show that in both his paternal and maternal lines he is the best bred horse in this part of the country. Sires and dams in his pedigree are all noted producers of size, style and speed. He decends from Hambletonian, George Wilkes, Eectionneer and Mambrino Patchen, and a majority of the winners at the New York Horse Shows are descendants from these

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indiges-tion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indi-gestion. All food taken into the stomach which fails of perfect digestion ferments and which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.
